Briefly...

Attribution means:

You let others copy, distribute, display, and perform your copyrighted work - and derivative works based upon it - but only if they give you credit.

Non commercial means:

You let others copy, distribute, display, and perform your work - and derivative works based upon it - but for noncommercial purposes only.

No Derivative Works means:

You let others copy, distribute, display, and perform only verbatim copies of your work, not derivative works based upon it.

Share, Remix, Reuse – Legally

Creative Commons provides free tools that let authors, scientists, artists, and educators easily mark their creative work with the freedoms they want it to carry. You can use CC to change your copyright terms from "All Rights Reserved" to "Some Rights Reserved."

We're a nonprofit organization. Everything we do – including the software we create – is free.

License Your Work

choose license

With a Creative Commons license, **you keep your copyright** but allow people to **copy and distribute your work** provided they **give you credit** — and only on the conditions you specify here. For those new to Creative Commons licensing, we've prepared a **list of things to think about**. If you want to offer your work with no conditions, choose the **public domain**.

- No ([more info](#))

What You Can Do Here

Creative Commons helps you publish your work online while letting others know exactly what they can and can't do with your work. When you choose a license, we provide you with tools and tutorials that let you add license information to your own site, or to one of several free hosting services that have incorporated
