# NaUKMA Presidents Address

**Vyacheslav Briukhovetskyi**

*Hero of Ukraine, Doctor of Philology, Honorary President of the National University of Kyiv-Mohyla Academy*

In the early 90s, a group of enthusiasts started building the first high-quality pro-Ukrainian university, oriented at world academic and educational standards. Today, reviewing our accomplishments, we can say with confidence that we have already built such a university.

Kyiv-Mohyla Academy during all its history was much more than just a university. It was a focal point for national development. It became the place where an innovative educational model was created, and today this model is being disseminated nationwide. The National University of Kyiv-Mohyla Academy is one of the intellectually strongest and most prestigious universities of our country, the initiator of most educational reforms introduced in Ukraine.

NaUKMA brings together the best, the most talented people «of all estates and titles» (academicians, students, businesspeople, public activists, politicians and artists) inspiring them to achieve that which seemed impossible when these people were unconnected. Through the vehicle of Kyiv-Mohyla Academy, Ukraine is returning to its European intellectual and academic roots.

**Serhiy Kvit**

*Doctor of Philology, Professor, President of the National University of Kyiv-Mohyla Academy*

Our goal is to create a high-quality Ukrainian University, able to compete at an international level. This journey and our achievements along the way allow us to state with confidence that the National University of Kyiv-Mohyla Academy is better integrated into the world academic community than any other Ukrainian university, and that all educational innovations that have appeared in Ukraine after 1991, were first introduced in our university.

The principles we follow when developing our university derive from traditions established by Petro Mohyla during the early 17th century, and revived by Vyacheslav Briukhovetskyi in the late 20th century: innovation, high quality of education, honesty, distinctive corporate culture, and professionalism. All this helps us to integrate Ukraine into the world educational and academic context.

Traditionally, Kyiv-Mohyla Academy has been a territory of freedom—intellectual, academic and creative. Therefore, we consistently defend university autonomy. We believe that this must be the focal point for higher education reform in Ukraine.

Today NaUKMA is implementing a new vision of the university into Ukrainian society: the university as not just a place where knowledge is passed on from professors to students, but also a reputable expert community, involved in all social processes; a place where scientific research is conducted and new valuable knowledge is created.

The contents of the education provided at Kyiv-Mohyla Academy has changed with time, but the main goal has always remained the same: to nurture a critically thinking, professional and patriotic person, and an active citizen. Firmly rooted in its historical traditions, NaUKMA always was and always will be open to changes. Our university itself is an agent of social change in Ukraine.

Together we are developing the University that changes the country.

We Honour the Past, We Create the Future.

## History

*During the period of its prosperity (17–18th centuries), Kyiv-Mohyla Academy considerably influenced the intellectual, scientific, educational, cultural and spiritual life of Ukraine.*

## Mission

*France is the Sorbonne.*

*Britain is Oxford and Cambridge.*

*USA is Harvard.*

*Ukraine is the Kyiv-Mohyla Academy.*

NaUKMA adapts the experience of the best foreign universities to the social, cultural, educational and economic needs of Ukraine. This harmonious integration of the best of Ukraine's educational traditions with global trends has resulted in NaUKMA becoming recognized as one of the best Ukrainian universities. Like the old Kyiv-Mohyla Academy, which created an innovative model of education for a whole region and was a prominent phenomenon of its time, NaUKMA today is more than just a good university. It offers high quality education, and also outputs valuable research results, acts as cultural and spiritual centre for Ukraine's development.

**NaUKMA's mission** is to provide conditions for the self-actualization of highly educated, nationally-conscious individuals, able to think independently and to act according to the principles of Justice and Good.

**NaUKMA's vision** is to be recognized as one of the world's leading universities.

### Community

NaUKMA has graduated over 8 000 young professionals who completed Bachelor's, Master's and Specialist's programs.

NaUKMA alumni form a necessary part of the Academy's community. They participate in the university life: academic events, educational and research programs and projects, they have access to the information resources of NaUKMA University Library.

NaUKMA alumni are asked to share their professional experiences with students through regularly organized events such as «Kyiv-Mohyla Success Story» meetings and program on student adaptation to the labour market «Profi+», including 11 soft skills trainings.

NaUKMA alumni meetings and charity events take place every year.

### Charity Projects

After graduating from the university, NaUKMA alumni keep in touch with their alma mater, and over the years have provided invaluable intellectual and financial support including establishing the following:

- **NaUKMA Alumni Prize «For the Best Course Taught in English»** encourages the faculty to develop and teach courses in English
- **Dragon Capital Scholarship Fund** aimed at stimulating the research activities of faculty and students
- **The Andriy Syvokin Prize for fundraising activities** which encourages faculty, staff and students to raise funds for the university projects realization
- **The Oleksiy Pavlenko Fund** yearly provides scholarships for students and professors of the Faculty of Economics, and helps to establish up-to-date studying and living conditions for students
- **The Dmytro Malyuchenko Fund** helps the members of NaUKMA community in critical situation related to health condition
