The eastern part of Mariupol was hit by Grad rocket fire on January 24. A month has gone by but most of the windows in the high-rise buildings of the residential area of the Skhidnyi district, which came under fire, are still

wrapped in a cellophane film that sways in the wind. In the parking lot and in the courtyards are burned out frames of vehicles, and building panels have huge holes that are reinforced only with steel plates in an attempt to stop further destruction. <http://goo.gl/nRie9X>
